<DESCRIPTION>

<CONTACT-EMAIL>

<TEXT>I am paying \$6.50 per month for network access fee, .61 cents per line, I want to know what your proposal increase includes, your response would be greatly appreciated.

I do not want to pay more for my telephone service! I urge you to reject a flat fee proposal that would change how contributions are made to the Universal Service Fund. I am concerned that this proposal could make my current service unaffordable.

Under the flat fee proposal you are considering, people who make few long distance calls would pay the same as people or businesses that make many calls. In other words, low-volume and primarily residential customers would bear the same universal service fund burden as a high-volume residential or business customers. This is unfair!

Keep the USF Fair!

Sincerely,

judy shoemaker
